National Leadership Award Nomination**

*Areas identified on this page should be addressed in submitting a nomination. You may use this form to answer question by question, or present the nomination in narrative form. In no case should the nomination narrative be more than two pages.*

- What significant contributions has the nominee made to mathematics education, especially in the immediately preceding years?
- How has the nominee furthered one or more of the stated purposes of NCSM: the interchange of ideas, cooperation with other professional organizations, and/or leadership in attacking current problems in mathematics curriculum and supervision?
- The nominee should demonstrate an awareness of current issues in mathematics education. In what ways is this evident in the nominee?
- In what ways does the nominee encourage and support fellow mathematics educators?
- Self-evaluation leading to continued professional growth is a criterion for the award. Describe the nominee's activities and attributes in this area.
