Areas identified on this page should be addressed in submitting a nomination. You may use this form to answer question by question. If the form is not used, please make sure to state each question followed with the answer. Limit your response to no more than two pages. Remember you are welcome to submit up to a maximum of three letters of support.

- What significant contributions has the nominee made to mathematics education, especially in the immediately preceding years?
- How has the nominee furthered one or more of the stated purposes of NCSM: the interchange of ideas, cooperation with other professional organizations, and/or leadership in attacking current problems in mathematics curriculum and supervision?
- The nominee should demonstrate an awareness of current issues in mathematics education. In what ways is this evident in the nominee?
- In what ways does the nominee encourage and support fellow mathematics educators?
- Self-evaluation leading to continued professional growth is a criterion for the award. Describe the nominee's activities and attributes in this area.
