Charting a Course to Mathematics Leadership

Dear Mathematics Education Leader,

On behalf of the NCSM Board and the San Diego Conference Committee, we invite you to join us at our Annual Conference and Business Meeting, April 19-21, 2010.

As the theme—Charting a Course to Mathematics Leadership—suggests, our 42nd Annual Conference is designed to provide you with a rich professional development experience that meets your personal leadership needs. It features an exciting mix of over 200 sessions by a variety of speakers—mathematics education leaders as well as individuals from outside of mathematics education; first-time speakers, veterans, and perennial favorites—who will address current issues related to equity and access; leadership of curriculum, teaching and learning, and assessment, including the Common Core Standards Initiative of the National Governors' Association and Council of Chief State School Officers; and NCTM's new high school mathematics curricular recommendations. Putting PRIME into Practice sessions highlight how leaders have used the NCSM PRIME Leadership Framework as a tool at the school, district and state levels to change adult practices and increase student achievement.

New this year is our Developing Coaches—Developing Teachers strand, designed to meet the leadership needs of mathematics coaches and those responsible for supporting coaches and developing coaching programs. Our Monday program features a cluster of sessions of special interest to administrators at all levels,

and our Wednesday program features sessions of special interest to emerging mathematics education leaders.

In addition to program sessions, our Conference also provides a unique opportunity to network with national and international colleagues around issues of mathematics education leadership.

As mathematics education leaders, it is our responsibility to continuously work to improve our own professional practice so that we can better support and lead others. Our 42nd Annual Conference is designed to provide a shared learning and leading experience that will motivate, educate, and inspire each of us as mathematics leaders to chart our personal course towards the ultimate destination: high quality professional practice for all adults we lead that results in high levels of achievement for all students.

We hope you will join us for another wonderful NCSM Annual Conference!

Sincerely,

Diane J. Briars
President

NCSM Mission and Vision

Mission

The National Council of Supervisors of Mathematics (NCSM) is a mathematics leadership organization for educational leaders that provides professional learning opportunities necessary to support and sustain improved student achievement.

Vision

NCSM envisions a professional and diverse learning community of educational leaders that ensures every student in every classroom has access to effective mathematics teachers, relevant curricula, culturally responsive pedagogy, and current technology.

To achieve our NCSM vision, we will:

N: Network and collaborate with stakeholders in education, business and government communities to ensure the growth and development of mathematics education leaders.

C: Communicate to mathematics leaders current and relevant research, and provide up-to-date information on issues, trends, programs, policies, best practices, and technology in mathematics education.

S: Support and sustain improved student achievement through the development of leadership skills and relationships among current and future mathematics leaders.

M: Motivate mathematics leaders to maintain a life-long commitment to provide equity and access for all learners.

Program Overview

Charting a Course to Mathematics Leadership!

Strands

- 1. *Charting a Course to Equity and Access:***
Addresses issues regarding helping teachers develop the knowledge and skills necessary to ensure access to meaningful mathematics and mathematics learning for every student.
- 2. *Charting a Course to Curriculum Leadership:***
Focuses on leaders' work of developing teachers' knowledge and skills necessary to ensure relevant and meaningful mathematics in every lesson.
- 3. *Charting a Course to Teaching and Learning Leadership:***
Addresses the knowledge and skills necessary to ensure high quality mathematics instruction that meets the needs of every student, every day.
- 4. *Charting a Course to Assessment Leadership:***
Addresses monitoring of student learning and adjustment of teacher instruction for every student on a daily basis.
- 5. *Putting PRIME into Practice:***
Focuses on NCSM's PRIME Leadership Framework. This document outlines adult leadership actions that ensure success for every leader, every teacher, and every student.
- 6. *Developing Coaches – Developing Teachers:***

Developing Coaches-Developing Teachers

NEW STRAND
for 2010!

Throughout the conference, you will find sessions that focus on the work of mathematics coaches. These sessions are designed to support your work with teachers and the ultimate goal of enhancing the mathematics experience of all our students.

Topics of Interest Include:

- Essential Practices for Coaches That Get Results
- Achievement Gap or Opportunity Gap? Changing the Perspective about School Performance in Mathematics
- Teaching, Learning, and Culture: Implications for Diverse Learners in Mathematics
- Student Focused Assessment Cycle
- Coaching Teachers to Ask Questions That Provide Just Enough Help to Move Students Forward

Special Interest For School Administrators

Monday's program includes a number of sessions of particular interest to administrators. Start your day at the opening session with Keynote Speaker, Mike Schmoker. Then choose from an array of session on topics such as:

- High-Leverage Actions for Mathematics Education Leaders
- What Does it Take to Move a District?
- NCSM's Principles and Indicators for Mathematics Education (PRIME) Leadership Framework
- Equity: The Struggle to Respect Young People's Thinking
- Student-Focused Assessment
- Common Core Standards
- Formative Assessment
- Meeting the Needs of Diverse Learners and English Language Learners
- Bridging the Opportunity Gap
- **And so much more!**

Special Interest For Emerging Leaders

Are you new in your role as a leader? Are you considering becoming a mathematics leader? If you are, you're in the right place. NCSM is the organization to support your professional growth and leadership development. **Wednesday's** program includes a number of sessions of particular interest to emerging mathematics leaders.

Registration Information

Advance Registration

March 26, 2010 is the deadline for advance registration. To register online, visit mathedleadership.org. You may also register by completing the form on page 8 and sending it to NCSM Member and Conference Services.

A registration confirmation notice will be sent to you via email. All conference materials, including conference badge and tickets, will be distributed on-site, beginning on Sunday afternoon.

Function Tickets

Through the generosity of our sponsors, we are able to offer several meal functions during the conference. Tickets to each function are limited and are available on a first-come, first-served basis with conference registration. To avoid disappointment, be sure to register and request your function tickets early.

Please request tickets *ONLY* to the functions you will attend. We always have waiting lists for functions, so if your plans change and you have a ticket you are unable to use, please return it to the on-site registration booth as soon as possible. We appreciate your cooperation in making these functions run smoothly.

One-Day Registration

For those unable to attend the full conference, we are pleased to offer the option of a single-day registration for any of the three days of the conference. See registration form for details.

Late Registration

March 26, 2010 is the deadline for advance registration. Any registration not postmarked (or received electronically or via fax) by this date will be assessed the late registration fee, which will be collected on-site.

Payment Options

Conference registration and membership dues may be paid by check, cash, money order, Discover, MasterCard, or Visa.

Purchase orders will be accepted for conference registration only (*no membership dues may be paid by P.O.*), with a valid P.O. number included on the registration form. Please note that payment is due in full by April 1, 2010 and that an invoice will NOT be sent.

Membership Renewal

Keep your membership current by completing your renewal along with your conference registration. If your NCSM membership expires before April 30, 2010 (check your mailing label), you must renew in order to register for the conference at the discounted member rate.

New Members

Non-members may join NCSM by completing the membership form (*See Page 11*) and mailing it with your conference registration. Doing so qualifies you to register for the conference at the discounted member rate and start enjoying the benefits of NCSM membership.

Cancellations

If you must cancel your conference registration, please notify NCSM Member and Conference Services immediately. Cancellations must be made in writing (either electronically or by mail) by March 26, 2010 to be eligible for registration fee refund, less 25%. Memberships cannot be cancelled, and membership dues are not refundable.

Registration Hours

- *Sunday, April 18, 2010:*
2:00 to 6:00 PM
- *Monday, April 19, 2010:*
