

## *Empower Coaches and Teacher Leaders as Agents of Change for ALL learners*

### **Summer Leadership Academy 2019 Agenda**

Madison, WI  
July 22-24, 2019

#### **Essential Questions**

How will we become the *agents of change* to improve student achievement in mathematics through the vehicle of coaching?

- **For students** - How will we **Advocate** for strong student mathematical identities to increase mathematical achievement for each and every learner?
- **For teachers** - How will we **Empower** teachers to leverage a shared vision for mathematics instruction and build collective efficacy with content and pedagogical knowledge?
- **For leaders** - How will we **Design**, implement, and **Monitor** structures to ensure a systemic and high impact coaching mathematics program?

### **Day 1: Coaching Leadership: Empower a Shared Vision for Mathematics Teaching and Learning**

#### **Learning Targets**
