## 2020 SUMMER LEADERSHIP ACADEMY

*Join us in Baltimore, Maryland!*  
**June 29–July 1, 2020**

### **Mathematics Leaders: Agents of Change for ALL Learners** *Vision. Influence. Action.*

Ready to make a real difference in the teaching and learning of mathematics for each and every learner? Bold mathematics leadership and coaching is recognized as one of the most powerful ways to build teacher capacity and increase student learning outcomes.

To meet the vision of all students learning mathematics at high levels, understanding the framework for leadership and leading strong mathematics coaching programs is key. Join us this summer to:

- EMPOWER mathematics leaders and teachers using the guiding principles and four foundational elements of the framework
- DESIGN a shared vision for mathematics instruction through an equity lens
- ADVOCATE for high leverage teaching strategies for mathematics including culturally relevant practices
- MONITOR and learn practices to ensure a system for coaching to build collective efficacy

Join us along with our professional learning directors for the NCSM Summer Leadership Academy in Baltimore, Maryland, June 29–July 1, 2020. Mathematics Leaders will leave equipped to develop a shared vision for mathematics instruction, implement high leverage teaching strategies, develop coaching structures, and monitor student learning for ALL students through an equity lens. If you are a teacher leader, coach, department chair, administrator or supervisor you won't want to miss out on these three days of learning!
