The key to our work as leaders is closing the gap between our knowledge about how to enhance student achievement and the commitment to take actions as a result of that knowledge.

Who and What We Are

NCSM is a mathematics leadership organization for educational leaders that provides professional learning opportunities necessary to support and sustain improved student achievement.

NCSM envisions a professional and diverse learning community of educational leaders that ensures every student in every classroom has access to effective mathematics teachers, relevant curricula, culturally responsive pedagogy, and current technology.

NCSM strives for excellence and equity in mathematics education and recognizes the important role leadership plays in achieving these outcomes. NCSM achieves its mission and vision by:

- N:** Networking with other stakeholders
- C:** Communicating research-informed professional knowledge
- S:** Supporting improved student achievement
- M:** Motivating our commitment to equity

Aspiring, new, and experienced leaders in mathematics education find a home with NCSM.

- Coaches
- Curriculum leaders
- Department chairs
